

SENTRAL EDUCATION

Sentral Parent Portal

Communicating with parents, staff and students at Ceduna Area School is available now with our implementation of Sentral. The parent portal provides parents with 24/7 access to their child's data. Parents can log in to access their **child's report, attendance information** and **welfare details** as well as updating **family contact details**.

If you already have a Parent Portal account and would like to log in, type into your browser:

<https://sentral.cedunaas.sa.edu.au/portal/login>

If you don't yet have a Parent Portal account and would like to **register**, type into your browser:

<https://sentral.cedunaas.sa.edu.au/portal/register>

Once parents have registered it is necessary to log in again using their secure key, received in their approval email. Please remember to do this to link to your child's details and complete the process in Sentral.

1. Register and set up your password using the registration link above.
2. Await the approval email. (Usually by next business day). You will be a Sentral account holder once you receive it.
3. Login to your Sentral account using your email address and the password you set. The email address is your **username** for Sentral.
4. Put in the **special family key** you were emailed to link to your student(s) at Ceduna Area School. It must be typed in **exactly** including any capitals etc.
5. Thereafter your child's photo should show. Clicking on it will take you to the dashboard for their information and e.g. Parent Teacher Interview bookings.

Please also note - on our Website:

If you still need to register for the portal, or to login after your registration has been approved, both links are there within our school website (<http://www.cedunaas.sa.edu.au>) under the **School Information** tab and at the **very bottom** of the options choose "**Sentral**" for information and links.

Should you experience difficulties please do not hesitate to contact us for assistance. We also look forward to hearing from you about your experience with our Parent Portal, and any feedback will be gratefully received with a view to adding further functionality and improvement.
